

The background features abstract, overlapping geometric shapes in various shades of green, ranging from light lime to dark forest green. The shapes are primarily triangles and polygons, creating a dynamic, layered effect. The central area is white, providing a clean space for the text.

Positive Psychology

Theory of Well-Being - PERMA

PERMA Theory

- ▶ **P**ositive Emotion
- ▶ **E**ngagement
- ▶ **R**elationships
- ▶ **M**eaning
- ▶ **A**ccomplishments

Positive Emotion Vs PERMA

▶ The Happiness Conundrum

- ▶ Flourishing and well-being has to do with a lot more than simply the absence of misery
- ▶ People are positioned at different points along the line from happy to unhappy
- ▶ Happiness cannot simply be defined in terms of happy mood, enjoying life, having fun, being cheerful etc.
 - ▶ 50% inherited and normally distributed
- ▶ Research shows that individuals vary across the five different elements i.e. PERMA

Engagement

- ▶ Seligman see this as the ability to be in a flow state
 - ▶ Research shows that when strengths match demands of tasks this is best for achieving flow
 - ▶ So use signature strengths to improve flow experiences
 - ▶ Use your signature strengths to do tasks you don't like doing.
- ▶ Engagement according to PERMA theory typically refers to time spent in a flow state
 - ▶ The presumption is that this might happen alone or within a group
 - ▶ Most people prefer working together with others but for those who often find themselves alone, or prefer to work alone, engagement in tasks can bring a sense of happiness

Good Relationships

- ▶ Good relationships involves skills
- ▶ In a changing world there is often a greater need for a higher level of skills for success in relationships
 - ▶ Communication skills are especially important
 - ▶ Skills to enhance empathy and listening help
 - ▶ Problem solving skills are also beneficial
- ▶ We want to get others to like us
- ▶ We want to get along with our peers
- ▶ We want to know how to tell a good story
- ▶ How to ask the right questions etc.
- ▶ Develop our emotional intelligence

Meaning

- ▶ How to Find/Create Meaning in Life (science) versus
- ▶ The Meaning of Life (philosophy)

- ▶ Martin Seligman sees ‘meaning’ in terms of the sense of belonging to something bigger than yourself
 - ▶ Meaning and purpose can probably be divided into
 - ▶ Things and people that are personally meaningful
 - ▶ Those things and people that are collectively meaningful

- ▶ In a Pluralist society as opposed to a mono-cultural society
 - ▶ meaning and purpose may be more challenging
 - ▶ there can be divided loyalties/ diversity of opinions about life
 - ▶ There may be a difference between
 - ▶ The traditional ecological model in a mono-cultural context compared to
 - ▶ The relational-network model of community
 - ▶ People sometimes navigate multiple communities

Accomplishments

- ▶ Achieving mastery and competence is important
- ▶ Deskilling is a common challenge in today's world
- ▶ Competition can lead to winners and losers (finite versus infinite games)
- ▶ Finding stable employment can prove to be challenging
- ▶ Finding a permanent home is no longer a certainty for many people

Character Strengths across Occupations
